

Waterloo North Hydro Inc.
DISCONNECTION AUTHORIZATION

SERVICE ADDRESS _____

I, _____ being the owner of the above mentioned property, authorize Waterloo North Hydro Inc., to disconnect the power.

Reason: _____
I certify that no other person will be adversely affected by this disconnection i.e. all tenants and or persons have vacated the property.

I authorize disconnection at the (choose only one method)

Pole – Permanent disconnect and removal of service to the property.
It is unlikely that anyone will want power here again within 6 months

I understand that if I decide to have power at this location again, it will be treated as a new service and all connection and other installation fees, Electrical Safety Authority Inspections and site layouts will be required.

Meter – Disconnect at meter only – service to the property will remain.
Power may be necessary or requested again within 6 months

If I decide to have power restored, the Electrical Safety Authority must inspect and approve it before Waterloo North Hydro Inc., can reconnect.

NOTE: If power has not been reconnected within 6 months from the date that it was cut off, WNH reserves the right to permanently disconnect the service and remove all hydro service to the property. If I decide to have power at this location again after this has been done, it will be treated as a new service and all connection and other installation fees, Electrical Safety Authority Inspections will be required.

Electrical Meter Number: _____ Located: Outside Inside (provide access)

I would like the power disconnected: _____ (minimum one week notice)
