

My Electricity Charges For This Billing Period

Bill Period: October 16, 2017 - November 14, 2017

Electricity **\$75.06**

This is the cost of electricity supplied to you during this billing period and is the part of the bill that is subject to competition.

Off Peak	577.02	kWh x	\$0.065	\$37.51
Mid Peak	171.37	kWh x	\$0.095	\$16.28
On Peak	161.14	kWh x	\$0.132	\$21.27

Delivery Charges **\$43.38**

These are the costs of delivering electricity from generating stations across the Province to Waterloo North Hydro Inc. then to your home or business. This includes the costs to build and maintain the transmission and distribution lines, towers and poles and operate provincial and local electricity systems. A portion of these charges are fixed and do not change from month to month. The rest are variable and increase or decrease depending on the amount of electricity that you use. The delivery charge also includes costs relating to electricity lost through distributing electricity to your home or business.* Waterloo North Hydro Inc. collects this money and pays this amount directly to our suppliers.

* When electricity is delivered over a power line it is normal for a small amount of power to be consumed or lost as heat. Equipment, such as wires and transformers, consumes power before it gets to your home or business.

Regulatory Charges **\$3.92**

The cost of administering the wholesale electricity system and maintaining the reliability of the provincial grid and includes the costs associated with funding Ministry of Energy conservation and renewable energy programs.

Other Charges

Debt Retirement Charge	\$0.00
OESP Tariff 11	\$40.00CR
Ontario Electricity Support Program **	\$45.00CR
HST (86584 4575 RT0001)	\$4.86
8% Provincial Rebate *3	\$2.99CR

Total **\$39.23**

*1 The Debt Retirement Charge was removed for certain residential consumption after December 31, 2015. Learn More at Ontario.ca/DRC

*2 An Ontario Electricity Support Program Credit has been applied to this bill. Visit OntarioElectricitySupport.ca for more information.

*3 The Ontario government is providing a rebate on your electricity costs equal to the provincial portion of HST

Ontario's Fair Hydro Plan saved you \$41.28 on your bill. This amount includes the 8% Provincial Rebate.
